

ASM Players: *Theater Program, Jr.*

Grades: 1-4

Dates: June 24-28

Time: 8:30 a.m. - 3:30 p.m.

Cost: \$450/student

Capacity: 20 students

Our summer theater program offers students an enriching experience in the magical world of theater combined with practical life skills. Expert instructors will guide them in bringing their creative visions to life by designing and constructing their own unique costumes.

In addition to costume design, students will explore acting, improving their confidence, language skills, and self-expression through collaborative rehearsals and line memorization. Through prop design, students will further enhance their problem-solving skills and unleash their imagination. By crafting props and utilizing innovative solutions, children will transform ordinary objects into exciting elements of storytelling.

The program concludes with a grand performance allowing students to proudly showcase their handmade costumes and props, celebrating their achievements with family and friends.

Enroll your child in this Montessori-inspired journey of self-expression, growth, and the practical life elements necessary for a well-rounded education!

Goals for students:

Develop fine motor skills and concentration through costume design and sewing.

Cultivate creativity and imagination by designing and constructing their own unique costumes.

Improve confidence, language skills, and self expression through acting and collaborative rehearsals.

Enhance problem-solving skills through prop design and innovative solutions.

Learn the value of teamwork and collaboration through group projects and performances.

Gain practical life skills such as attention to detail, time management, and organization.
