8:45 a.m. (American Room)
- 4/26 Earth Day Celebration  
Sponsored by PACE  
3:30-4:30 p.m.
- 5/1 Student Art Show Opening

## Our Classroom...

### Venturing into the Rainforest

During the month of March we focused on all of the wonderful animals that live in the rainforest. Our book shelf was full of books about animals that live in the rainforest and the rainforest itself. The children enjoyed reading about these animals and how to keep this important habitat viable. The Kindergarten children also wrote about their favorite bird and why they liked it. We also performed at the all school meeting songs and poems about birds and the rainforest.

### Banana Cutting

This month in practical life we learned how to safely cut bananas with a banana slicer. The children were very careful and enjoyed peeling the bananas, slicing, and then eating them.

## Teacher Birthday Walk

This month the students asked to have a birthday walk for Ms. Fox. Ms. Fox's mother attended to talk all about her. They heard all about Ms. Fox growing up. To walk around the sun Ms. Fox walked around the sun in 5 year increments. The class enjoyed singing and counting by 5's.

## St. Patrick's Day

This month we focused on celebrating St. Patrick's day and including many new works in practical life, language, and art. The children enjoyed working with these new lessons!

## Birds, Birds, Everywhere!

Our students have been very invested in learning about birds! They enjoyed looking at colorful birds and reading all about how to care for birds. Not only did we talk about rainforest birds, we also discussed backyard birds. Many children were bird watching during recess and exploring work in the classroom to learn about a variety of birds in our world.
